

## THE CROWN INN WOOLHOPE

I am pleased to introduce the new cider list. I have spoken with seven of the best local cider and Perry companies all from within a 15 mile radius and they have selected their favourites. It represents my love for cider and Perry and the belief that food can be matched in a similar way to wine. Each have subtle differences and attributes. There is also draught Perry and a guest Cider available at the bar. If you can recommend another producer then tell me!
